

Stevens Creek Striders

Board Meeting

June 3, 2004

Present: Charles, Don, John, Mark, Mike, Peter

Absent: Gayla

1. Quicksilver aid station. Good comments here heard at the WS training camp for our effort and especially the jello.
2. WS 100 aid station is well under control with a good turn out of volunteers.
3. Track work outs. Don has requested to keep the Tuesday evening as the track work day and not Thursdays as already decided at the previous board meeting.
4. Clambake. Private beach permit organized and may still need collection.
5. Providian Relay. There has been one sign up to date. This event needs more promotion on Saturday mornings.
6. Newsletter. Mike is putting this together and requested the usual president's message.
7. Michael Florence is going to set up a 10 Km loop at Rancho. More details at a later date.
8. Peter will mark a 10 Km course for a fun run on Saturday 12 June. All participants must guess their finish time and run without a time piece. The closest finisher to their projected time will be the winner.
9. Marathon training will aim for the CAL international marathon.

Next meeting: July 8th at Peter's, 7pm.
